**Asset Allocation:
A year in review and
the way forward**

Portfolio manager round table
webinar: **January 31, 2022**

Doug Cooper **Ashley Misquitta**
David Mann **Ian Fung**

In another unprecedented year with many challenges, the aim of balancing risk and growth was put to the test. Hear from the management team on how the Empire Life Asset Allocation GIF is structured to face these challenges head-on.

This session covers the various asset classes within the segregated fund, how it tackles diversification, and where the strategic and tactical calls come from. Advisors will hear from the portfolio managers in a round table discussion of how they work together to make allocation decisions, and how some of the changes made during the year helped take advantage of opportunities and rise to the challenges of 2021 and beyond.

Join **Doug Cooper**, **Ashley Misquitta**, **David Mann** and **Ian Fung** as they discuss the Empire Life Asset Allocation GIF in 2021 and beyond.
